

# Millions of American's are Drowning Financially

*Does Uncle Sam Have the Life-line?*

*Find the "Sweet Spots" in the Tax Code!*

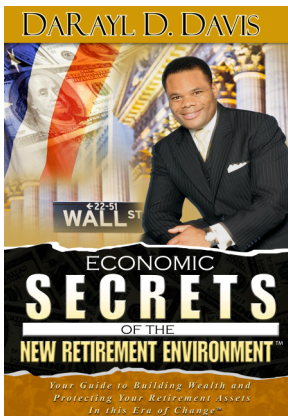

Timely Tie-Ins: Halloween, the Holidays, 2010 Tax changes, Social Security/Pension Reform

Americans have trillions in savings tied up in retirement accounts and are clueless how to get it out! Unfortunately, 99% of their financial advisors are unaware of the latest IRA distribution and tax rules so they can't help! With our nation facing a trillion dollar deficit and tens of trillions more in unfunded promises, taxes are going to go up! **We need a plan to keep our money away from Uncle Sam!**

DaRayl Davis

Money and Economics is in the spotlight. No one knows this better than DaRayl Davis. As a financial coach and IRA distribution expert with more than 16 years of experience in retirement and estate planning, **DaRayl has aided countless thousands to develop an exit strategy for their money** with his up tempo radio show (*Wealth of the Nation™*) on CBS Radio and his recently released book. For millions of Americans, their largest asset is the accumulation of their IRAs, 401(k)s and other retirement accounts. But without a plan for distribution, up to 90% could go to Uncle Sam! DaRayl has shared his advice on numerous national and local television and radio broadcasts including **The Fox Business Network** and affiliates for **ABC, CBS, and XM/Sirius Satellite**. DaRayl has been quoted in **The Washington Post** and on the web at the **Wall Street Journal.com** and **Source Media** wire service.
